- Inhalation: Instantly remove clothing soiled by the material. Remove breathing apparatus only after all soiled clothing has been completely removed. In case of irregular breathing or respiratory arrest provide artificial respiration. Move to fresh air. If breathing has stopped, apply artificial respiration. Keep patient warm. If rapid recovery does not occur, seek medical attention. Seek immediate medical advice in every case.
- Skin contact: Instantly wash affected skin with soap and plenty of water. Seek immediate medical advice.
- Eye contact: DO NOT DELAY. Rinse immediately with plenty of water, also under the eyelids, for at least 15 minutes. If persistent irritation occurs, seek medical attention.
- Ignition: DO NOT DELAY. Do not induce vomiting. Never give anything by mouth to an unconscious person. SEEK MEDICAL ATTENTION IMMEDIATELY.
- Note to physician: Treat symptomatically.
